## Ocala Chapter

Welcome to the Ocala Chapter of the Florida Public Relations Association. Formed in 1980, the chapter boasts a strong membership representing industries including: government, nonprofit, education, healthcare, legal, corporate, retail and small business. With their warm, welcoming and inclusive culture, our members are committed to helping each other become more effective public relations practitioners. Like a compass, they are always moving in the right direction and never short on ideas to make an agency stronger and better. They are pros – professional, resourceful, open and strategic – and relentless in their pursuit of excellence. Our chapter members are dedicated to their local community and lead multiple service projects each year.

FPRA is a sound professional investment that provides:

- Professional development
- Networking with peers
- Awards and recognition for excellence in public relations
- Accreditation and advanced certification
- Leadership development
